The Department of Civil and Environmental Engineering at Clarkson University invites applications for a full-time, tenure-track position in Water Resources Engineering at the rank of Assistant Professor or higher starting in July 2018. The successful candidate will be expected to pursue a vigorous, nationally visible, externally funded research program and maintain a strong commitment to teaching at all levels. A PhD in water resources engineering or a closely related field is required of all applicants.

The successful candidate will have an interest in collaborative research that complements and augments existing expertise among the faculty in the Civil and Environmental Engineering Department (http://www.clarkson.edu/cee) and aligns with one or more of Clarkson’s interdisciplinary research centers (http://internal.clarkson.edu/dor/centers.html), including the Clarkson Institute for a Sustainable Environment (ISE), and the Center for Advanced Materials Processing (CAMP). Hydromechanics research areas of particular interest include river dynamics, coastal dynamics, ecohydraulics, cold regions hydraulics, and computational fluid mechanics, as well as other water resources areas.

The average annual external research funding for the Department of Civil and Environmental Engineering in the last three years exceeded $5 million. The Department offers Bachelors, Masters and PhD degrees.

To submit your application, go to www.clarkson.edu/hr and click “Career Opportunities” on the left hand navigation bar. Review of applications will begin soon and will continue until the position is filled.

An equal opportunity/affirmative action employer, Clarkson University actively seeks and encourages applications from minorities, women, people with disabilities and veterans.

The posting number for this position is Fac 2014000552 and the link to apply is https://clarkson.peopleadmin.com/postings/3916 Questions may be directed to Professor Weming Wu (wwu@clarkson.edu). Review of applications will begin on March 15, 2018 and continue until the position is filled.
