The Department of Civil and Environmental Engineering (CEE) at Colorado State University (CSU) invites applications for the Harold H. Short Endowed Chair Professorship in Infrastructure. CSU is a land-grant institution with a strong commitment to research that impacts society and addresses global problems, while maintaining an emphasis on scholarly excellence.

**Description:** This position is open to any relevant sub-discipline of Civil and Environmental Engineering and the successful candidate is expected to have professional experience and credentials enabling them to be appointed as a Professor, or Associate Professor, with tenure in the Department. Successful candidates will have an established international reputation in their discipline with a supporting record of funded research, archival publications, and capacity-building activities. Areas pertaining to the sustainability and security of infrastructure and community resiliency in the context of climate change are of particular interest. This can include, but is not limited to, the impacts resulting from aging and/or the impacts resulting from natural and anthropogenic hazards, e.g., fires, wind, earthquakes, floods, tsunamis, drought, blast, etc. Preference will be given to candidates who have the potential to make a global impact through transformative research that spans multiple disciplines.

**Responsibilities:** The successful candidate will be responsible for: (1) continuing their highly recognized research program; (2) capacity building across disciplines; (3) scholarly activities; (4) teaching Civil and/or Environmental Engineering courses. A reduced teaching load could be in effect during the five year renewable endowment appointment. Additional information about the CEE Department may be found at [http://www.engr.colostate.edu/ce/](http://www.engr.colostate.edu/ce/).

**Qualifications:** A Ph.D. degree in Civil or Environmental Engineering, or in a closely related discipline, is required. The successful candidate must have an outstanding record of scholarly achievement and leadership that is commensurate with a distinguished, endowed chair position. Candidates will be evaluated on the basis of their excellence in research, academic credentials, teaching, and scholarly activities, professional service, communication skills, and their seminal contributions to the engineering profession.

**Appointment:** The position is expected to be filled at the rank of full professor, although outstanding candidates at the level of associate professor will be considered. The endowed chair is granted for an initial appointment of five years and is renewable.

**Salary and benefits:** CSU provides full academic year salary, excellent benefits, and extensive facilities and laboratories. Salaries are competitive and commensurate with qualifications and experience. A benefits package is included [here](http://www.hrs.colostate.edu/benefits/index.html).
Deadline: For full consideration, please submit an application by 11:59 pm MST March 1, 2015, applications will be accepted until the position is filled.

To Apply: Applications should be emailed to HaroldShortChairSearch@engr.colostate.edu. A complete application must include the following:

- a cover letter of not more than two pages;
- a detailed curriculum vitae, including a list of refereed journal articles, evidence of teaching experience and quality and, if applicable, a list of submitted and funded projects for which the applicant was either the principal investigator or a co-principal investigator;
- a vision statement of not more than four pages describing how the applicant would strategically fit into the CEE Department at CSU; and
- a list of a minimum of four references (references will not be contacted without prior approval).

For more information about the University and its resources, please visit the CEE Department’s web site at: http://www.engr.colostate.edu/ce/. If you have questions about this search, please contact the search chair, Dr. John van de Lindt, at jwv@engr.colostate.edu.

Condition for Employment: Colorado State University is committed to providing a safe and productive learning and living community. To achieve that goal, we conduct background investigations for all final candidates being considered for employment. Background checks may include, but are not limited to, criminal history, national sex offender search and motor vehicle history.

Commitment to Diversity and Inclusion: Reflecting departmental and institutional values, candidates are expected to have the ability to advance the Department's commitment to diversity and inclusion.

Colorado State University is committed to providing an environment that is free from discrimination and harassment based on race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy. Colorado State University is an equal opportunity/equal access/affirmative action employer fully committed to achieving a diverse workforce and complies with all Federal and Colorado State laws, regulations, and executive orders regarding non-discrimination and affirmative action. The Office of Equal Opportunity is located in 101 Student Services.
