Tenure-Track Faculty Positions
Civil, Construction, and Environmental Engineering

The Department of Civil, Construction, and Environmental Engineering (CCEE) at North Carolina State University (NCSU) expects to fill up to five tenure-track faculty positions over the next two years. The department seeks to augment its expertise by inviting applicants who can contribute to one or more aspects of sustainable and resilient infrastructure. Applications in all areas of civil engineering will be considered. At least one of the positions is expected to be in Structural Engineering. Successful candidates should be able to participate in multidisciplinary initiatives to support the missions of the department and the college. Applicants at all ranks are encouraged to apply, and exceptional candidates may be considered for an endowed chair position. An earned doctorate degree in civil engineering or a closely related field is required. Post-doctoral experience, professional experience, and a professional engineering license are desirable, but not required.

We are seeking colleagues to join a vibrant department with 49 faculty members, over 700 undergraduates and 310 graduate students. The CCEE department has many excellent laboratories and is planning to move to a new building on NCSU’s Centennial Campus by 2020. We seek candidates who are able to develop and maintain a nationally recognized and externally funded research program within their area of expertise, teach graduate and undergraduate courses, and collaborate across disciplines. Review of applications will begin on October 15, 2016, and applications will be accepted until the positions are filled.

Interested applicants should apply online at http://jobs.ncsu.edu/postings/75131 (position #00000549). Attach individual pdf files of the following: a cover letter, resume, a combined statement of research and teaching interests, transcripts of graduate work, copies of no more than three representative publications, and contact information for at least three references.

NC State University is an equal opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, national origin, religion, sex, gender identity, age, sexual orientation, genetic information, status as an individual with a disability, or status as a protected veteran.

Individuals with disabilities requiring disability-related accommodations in the application and interview process, please call 919-515-3148.
