Assistant Professor, Civil Engineering (pending funding)
Opened Date: 10/09/2014
Closed Date: 12/15/2014

Short Description:
The Civil Engineering Program at the University of Portland seeks a faculty member for a tenure-track position at the assistant professor level.

Responsibilities:
Dedication to teaching excellence is essential. Preference will be given to candidates with industrial experience and professional licensure. Duties include teaching, laboratory development, scholarship activities, and service. The selected faculty member is expected to primarily teach undergraduate courses including hydraulics, introduction to environmental engineering, associated laboratories, related electives, and School-wide service courses such as engineering economics, engineering statistics, statics, introduction to engineering, senior design, etc. depending on the candidate’s experience. We are particularly interested in candidates with excellent computational skills including expertise with software such as ESRI GIS, Autodesk Civil 3D, MatLab, HEC RAS, Bentley Systems, etc.

The Donald P. Shiley School of Engineering emphasizes undergraduate education with an enrollment of approximately 700 students across four majors: civil, mechanical, and electrical engineering, and computer science. The School also offers professional graduate programs including the Masters of Engineering, and Masters of Biomedical Engineering.

Visit http://engineering.up.edu/ for more information about the Shiley School.

Requirements:
The candidate is expected to have a Ph.D. in civil or environmental engineering with expertise in environmental and water resources engineering.

Only electronic applications will be considered. A background investigation check is required before final hiring can be completed. The selected candidate must be legally authorized to work in the United States and not require sponsorship. All applications must include a curriculum vitae, letter of interest discussing teaching and scholarship philosophy, and contact information for at least three references. A background investigation check is required before final hiring procedures can be completed.
