JACKSON STATE UNIVERSITY

Department of Civil & Environmental Engineering

Faculty Position

JACKSON STATE UNIVERSITY is seeking applications for a full time tenure track faculty position at the entry level assistant professor level beginning in Spring 2014 or Fall 2015 in the Department of Civil & Environmental Engineering in the area of GEOTECHNICAL ENGINEERING. A strong commitment to the development of active externally funded research program, and publications in high quality refereed engineering journals are required. A Ph.D. in Civil Engineering or closely related area and a B.S. in Civil Engineering are required. P.E. license is highly desirable. Desired qualifications include potential for the development of very active externally funded research programs, high quality journal publications, and industrial experience. The University is a state supported institution, and is located in the capital city of Mississippi, which is the major metropolitan area of the state. The university with a Carnegie designation of “Research University-High Research Activity” has a diverse student body of about 9,000, and approximately 95 comprehensive degree programs from the baccalaureate through the doctorate are delivered. Candidates for the position are expected to be responsive and committed to a diverse student body, and collaborate with their colleagues. The applicants can apply at https://jsums.peopleadmin.com/ Questions may be directed to Dr. Farshad Amini, Professor & Chair, Dept. of Civil & Environmental Engineering (famini@jsums.edu), Review of applications will begin immediately, and continue until the position is filled.
