**Position title:** Assistant Professor of Civil Engineering

**Position summary:**

Saint Martin’s University invites applicants for a tenure track position at the assistant professor level. The candidates’ area of interest must preferably be in geotechnical engineering, structural engineering, transportation, or earthquake engineering. Successful candidates must be willing to teach in other general areas of civil engineering.

This position is subject to final budgetary approval.

The candidate must have a Ph.D. in civil engineering or related field, ability to teach wide range of undergraduate and graduate civil engineering courses, develop advanced courses in areas of expertise, and initiate and run an applied research program. Candidates with teaching experience, including laboratories and senior design are preferred. Also required is a willingness and ability to support the Catholic, Benedictine tradition of Saint Martin's University.

Saint Martin's University, Hal and Inge Marcus School of Engineering offers undergraduate programs in civil and mechanical engineering, and graduate programs in civil engineering, mechanical engineering and engineering management. The School recently moved into Cebula Hall, the highest rated LEED certified building in the Western Hemisphere. The School is presently positioning itself for greater prominence, significant growth, and growing international relationships.

Compensation will be based on experience and qualifications, and comes with a standard benefits package.

**Closing date:** Priority deadline for receipt of materials is October 30, 2014, but the position will remain open until filled.

**Application process and deadline:**

Complete applications must be sent electronically (in PDF format or Word format) and must include:

- A letter expressing interest in being considered for the position and addressing the position requirements.
- A statement of teaching philosophy.
- An up-to-date curriculum vitae.
- A list of three references who can speak to the candidate's qualifications, including full telephone and email contact information.
- Saint Martin's University requires final candidates to review the university's mission statement and values. Finalists must write a brief statement which highlights how the
candidate's work will contribute to the mission and values of Saint Martin's University. Your authorization to order a background check prior to employment will be required.

Materials should be sent electronically to Ms. Hopie Lopez, Executive Assistant to the Dean:

hlopez@stmartin.edu

Questions and inquiries may be addressed by email to Dr. Zella Kahn-Jetter, Dean of the Hal and Inge Marcus School of Engineering, at zkahnjetter@stmartin.edu, or by telephone at 360-688-2732.

Saint Martin’s University does not discriminate in employment or the delivery or administration of its educational programs, policies, scholarship and loan programs, athletic or other University programs on the basis of sex, sexual orientation, race, color, religion (except noted below), marital status, national or ethnic origin, military or veteran status, age, or disability. Students are entitled to all rights, privileges, programs and activities generally accorded or made available to students at the University. The University has the right to consider religious affiliation as a bona fide occupational qualification for select positions to the extent allowed by state and federal law in the hiring of all employees. Questions or complaints regarding employment discrimination may be directed to the director of human resources, 5000 Abbey Way SE, Lacey, WA 98503, 360-491-4700.
