The University of Nebraska-Lincoln, Department of Civil Engineering invites applications for a tenure-track position in Transportation Engineering. Candidates applying for this position are expected to have a strong commitment to teaching excellence at the undergraduate and graduate levels, and a demonstrable research capability that will enable them to develop an externally funded, independent research program and publish in leading scholarly journals. The successful candidate should be prepared to collaborate with colleagues, develop new research initiatives, and participate in ongoing research projects.

Candidates applying for this position are expected to have a strong commitment to teaching excellence at the undergraduate and graduate levels and a demonstrated capability related to the development of an externally-funded research program with a strong record of peer-reviewed publications. Applicants must have a bachelor degree in engineering (preferably civil engineering) and must have earned a Ph.D. in civil engineering or a closely-related field prior to the start date of the appointment. In addition, qualified applicants should have expertise in traffic engineering, transportation operations, transportation design, or transportation safety.

The candidate will work closely with the Nebraska Transportation Center (NTC) which is the umbrella organization for transportation-related research at UNL with an annual research budget of over $5 million. The successful candidate will have the opportunity for significant participation in the research and education initiatives of the NTC. Further information may be found on NTC’s website (http://ntc.unl.edu).

The Department of Civil Engineering has 26 faculty positions on the Lincoln and Omaha campuses of the University of Nebraska with an ABET/EAC accredited undergraduate curriculum and advanced programs leading to M.S. and Ph.D. degrees. There are approximately 500 undergraduate and 120 masters and doctoral students currently pursuing degrees on the two campuses. Additional information can be found on the Department’s web site (http://engineering.unl.edu/civil/), and on the College of Engineering’s web site (http://engineering.unl.edu/). This position will be located on the Lincoln campus of the University.

Applications should be submitted on-line at http://employment.unl.edu requisition F_140140. The application should include complete curriculum vitae, a cover letter, the names and contact information of at least three references; and a statement of research and teaching interests. Review of applications will begin December 1, 2014, and will continue until the position is filled.

The University of Nebraska-Lincoln is committed to a pluralistic campus community through affirmative action, equal opportunity, work-life balance, and dual careers.
