ASCE SOCIETY SCHOLARSHIPS

Society Scholarships are awarded annually and are reserved for undergraduate civil engineering students who are members of ASCE. For further details and downloadable forms visit http://www.asce.org/Scholarships/

Lawrence W. and Francis W. Cox Scholarship

Eligible: Any currently enrolled student in an ABET-accredited program in civil engineering who will be registered as an undergraduate in fall term of the year of award, is an ASCE Student Member in good standing at the time of application and award.

Award: Award is for undergraduate tuition. One scholarship awarded annually.

Eugene C. Figg, Jr. Civil Engineering Scholarship

Eligible: Any currently enrolled student who will be registered as an undergraduate in fall term of the year of the award, is an ASCE Student Member in good standing, has a passion for bridges, and holds U.S. citizenship.

Award: Award is for undergraduate tuition. One award is presented annually. Opportunity to interview for an internship with Figg Engineering Group is included as part of the award.

John Lenard Civil Engineering Scholarship

Eligible: Any currently enrolled student who will be registered as an undergraduate in fall term of the year of the award, is an ASCE Student Member in good standing, has demonstrate a commitment to either water supply or environmental engineering

Award: Award is for undergraduate tuition. Two scholarships awarded annually.

Robert B. B. and Josephine N. Moorman Civil Engineering Scholarship

Eligible: Any student currently enrolled in an ABET-accredited program in civil engineering who will be registered as an undergraduate in the fall term of the year of award, is a member of his/her local ASCE student chapter and is an ASCE Student Member in good standing.

Award: Award is for undergraduate tuition. One scholarship awarded annually.

Samuel Fletcher Tapman ASCE Student Chapter Scholarship

Eligible: Any currently enrolled student who will be registered as an undergraduate in an ABET-accredited program in civil engineering in the fall term of the year of award, is a member of his/her local ASCE student chapter and is an ASCE Student Member in good standing. No more than one application may be submitted from the membership of any one Student Chapter.

Award: Award is for undergraduate tuition. Approximately 12 scholarships awarded annually.

B. Charles Tiney Memorial ASCE Student Chapter Scholarship

Eligible: Any currently enrolled student who will be registered as an undergraduate in an ABET-accredited program in civil engineering in fall term of the year of award, is a member of his/her local ASCE student chapter and is an ASCE Student Member in good standing.

Award: Not awarded until further notice.

Y.C. Yang Civil Engineering Scholarship

Eligible: Any currently enrolled student civil engineering student in an ABET-accredited program who will be registered as an undergraduate in the fall term of the year of award, is an ASCE Student Member in good standing and has an interest in structural engineering.

Award: Award is for undergraduate tuition. Two scholarships awarded annually.

ASCE SOCIETY FELLOWSHIPS

Society Fellowships assist with graduate tuition fees, are awarded annually and require ASCE membership. For further details and downloadable forms visit http://www.asce.org/ASCE_Fellowships/

Trent R. Dames and William W. Moore Fellowship
Eligible: Practicing engineers or earth scientists, professors or graduate students, who are members of ASCE.
Grant: For the exploration of new applications of geotechnical engineering or the earth sciences to social, economic, environmental, and political issues.
Award: Award is for tuition, research, and living expenses. Awarded annually.

Freeman Fellowship
Eligible: Any member of ASCE.
Grant: Made toward expenses for experiments, observations, and compilations to discover new and accurate data useful in engineering. Emphasis on hydraulic science and art.
Award: Award is for tuition, research, and living expenses. Awarded annually.

J. Waldo Smith Hydraulic Fellowship
Eligible: Any graduate student who is a member of ASCE, preferably an Associate Member of ASCE.
Grant: Made toward research in the field of experimental hydraulics.
Award: Award is for tuition, research, and living expenses. Awarded annually.

Arthur S. Tuttle Memorial Fellowship
Eligible: Any member of ASCE; undergraduates should apply during the senior year.
Award: Award is for tuition expenses for first year civil engineering graduate students. Four scholarships awarded annually.

Applications must be received no later than February 10.
For more information, contact the Honors and Awards Program Office at awards@asce.org.
