University of Wisconsin - Madison

Position Vacancy Listing

PVL # 87569

Working Title:
Professor - Geoenvironmental Engineering

Official Title:
ASSISTANT PROFESSOR(C40NN)

Degree and area of specialization:
PhD and background/expertise relevant to Civil and Environmental Engineering and/or Geoenvironmental Engineering.

Minimum number of years and type of relevant work experience:
Expertise in civil engineering and/or geoenvironmental engineering with ability to develop and maintain a strong research program and distinguished record for creative research and scholarship. Must be committed to both undergraduate and graduate instruction along with a vigorous research program.

Principal duties:
The University of Wisconsin-Madison is searching for a faculty member with expertise in Geoenvironmental Engineering to complement faculty in Civil and Environmental Engineering (http://www.engr.wisc.edu/cee.html) and the Geological Engineering Program (http://gle.wisc.edu/). Areas of interest include sustainability and resiliency, energy, waste management, materials and resource conservation, infrastructure, and environmental policy and regulation as related to geotechnical and geological engineering research and practice. This is a full-time tenure-track position and is open at the Assistant Professor rank.

Applicants are expected to develop innovative and internationally recognized research programs, contribute to scholarly work in Civil and Environmental Engineering and Geological Engineering, undertake instruction in undergraduate and graduate classes, and engage in professional service. The successful candidate is expected to develop interactions with other faculty on the University of Wisconsin-Madison campus including those within the College of Engineering, and other colleges at the University of Wisconsin-Madison.

A criminal background check will be conducted prior to hiring.
