

Hourly Wages for McCormick Master of Science Internship Students 2015-2016

The average hourly wage for MS internship students studying across all disciplines within the McCormick School of Engineering and Applied Sciences is **\$26.16**, according to information that students self-report to the Engineering Career Development Office¹. This is higher than the 2016 National Association of Colleges and Employers (NACE) reported average hourly wage⁺ paid to interns at the master’s degree level. NACE reports that across all disciplines in the US, graduate student interns are paid at a rate of \$25.27.

The hourly rate paid to McCormick MS students broken down by department can be found in the chart below. Please note that there are unrepresented major fields of study, due to a lack of self-reported student data.

Selected companies include Amazon, Cook Pharmica, Eli Lilly, Facebook, Google, Groupon, Nielsen, Schneider Electric, Genentech, LinkedIn, L’Oreal and Enova.

*Denotes fewer than 10 reported work terms

¹ Data is self-reported by students participating in the Graduate Engineering Internship Program
