Construction Engineer

Location: Various

Reference #: 84437

Grade F Min: \$70,669.44 / **Mid:** \$88,336.80 / **Max:** \$106,004.16

Open Until Filled

OPENING

MTA Metro-North Railroad is a dynamic organization, operating out of the jewel of New York City, Grand Central Terminal. We provide service to over 82 million customers annually, traveling in and out of New York and Connecticut. A subsidiary of the Metropolitan Transportation Authority, Metro-North Railroad is the busiest commuter railroad in the nation. MTA Metro-North Railroad strives to provide a safe commute, great service to its customers and rewarding opportunities to its employees.

POSITION OBJECTIVE

To coordinate and manage the construction phase of Capital Programs and any other construction work on Railroad property, protecting the Company's interests and ensuring safety in all aspects thereof.

RESPONSIBILITIES

Review construction procedures and provide technical supervision of contractor's work on Capital Projects. Act as resident engineer for construction supervision and inspections on in-house Construction Management projects.

Manage and coordinate with the consultant's field personnel on Capital Projects.

Inspect construction work done by contractors to assure compliance with contract documents and to ensure safety.

Oversee the work of construction representatives and railroad inspectors.

Coordinate construction procedures for work involving the force account and railroad operations. Represent the railroad at various meetings.

Keep management informed of project status and scheduling.

REQUIRED QUALIFICATIONS

Familiarity with transportation operations and/or other applicable civil/structural construction experience.

Familiarity of state and federal codes and regulations pertaining to design and construction.

Competent understanding of Civil Engineering principals with an emphasis on civil/structural engineering.

Strong oral and written communication skills are required in order to provide the necessary technical and administrative support.

Familiarity with Microsoft Office Suite and/or comparable applications.

Familiarity with Critical Path Method (CPM) Scheduling, using Primavera Project Planner or comparable applications.

Strong project management and coordination skills are required to plan, direct and control the construction phase of the Capital Program.

A solid working knowledge of Project Management, Construction Management, Construction Contracts, Quality Assurance/Quality Control, Safety and Security procedures.

Knowledge of crane rigging calculations and rigging operations.

Ability to be on call for emergencies as needed

Must have a valid driver's license.

REQUIRED EDUCATION/EXPERIENCE

Bachelor's Degree in Civil, Structural or related Engineering field.

Minimum five (5) years' experience in Engineering, Construction and surveying practices and principles as they relate to bridges, facilities and/or station construction.

Minimum three (3) years project management experience and managing professionals.

PREFERRED EDUCATION/EXPERIENCE

P.E. License

OTHER INFORMATION

This is a safety sensitive position and subject to toxicological testing.

SELECTION CRITERIA

To be selected for a position, an applicant must: (1) meet the minimum requirements in the job posting, (2) pass a written examination (if applicable), (3) satisfy a background investigation (which includes credit, if applicable), and (4) pass an oral interview, during which the interviewers will further evaluate the applicant's qualifications for the position. Because the selection process is competitive, not all qualified applicants are granted an interview. Metro-North may also require the applicant to undergo a physical ability test, and, if the Company extends a conditional offer, may require him or her to undergo a medical examination, which may include toxicological testing.

For applicants who are current employees, you must be in active service and have worked in your present position for at least one (1) year to be eligible to apply for a posted position, and have completed the agreed upon formal training commitment, plus on-the-job training, if applicable (for example: Signal Trainee, Foreman-In-Training, etc.) in order to be eligible to transfer. If you are transferred, you may be required to forfeit your seniority in your present occupation. In addition, Metro-North employees are subjected to an internal investigation, which includes an evaluation of their safety and discipline records and their performance assessments. As an employee of Metro-North Railroad you may be required to complete a New York State financial disclosure statement, if you earn more than \$91,821.00 or if you hold a position designated as a policy maker.

We offer a competitive salary and a comprehensive benefits package. If interested, please apply online at:
