

# AT&T's Future Leaders Internship Experience (FLITE)

You are eligible to apply to AT&T's Future Leaders Internship Experience (FLITE). A brief description of the FLITE program is below:

*Are you a future business leader? We think so, and we are actively seeking emerging leaders like you who have the potential to propel our business into the future. Whether your career is headed in the direction of Marketing or Finance, Sales or Operations, FLITE will offer you the opportunity to explore a potential career at AT&T. Not sure if your path is HR or Public Relations? That's OK. We can help you identify where you want to be, and ensure you reach your career goals.*

## ***The Experience:***

*You will take on multiple challenging summer assignments through our rotational experience. Some of the paths you could follow within AT&T are:*

- ***Corporate:*** Guide our transformation and growth through rotations in Human Resources and Finance. Re-scale operations and drive process improvement through various operational roles.
- ***Sales & Service:*** Help us "Mobilize your World" for our consumer and business customers, everywhere they live, work and play...and do it better than anyone else.
- ***Marketing:*** Learn how we are elevating the AT&T brand to beloved status and building global awareness of our products and services.

*In addition, you will be provided access to extensive learning and development opportunities through our award-winning AT&T University. You'll network with both leaders and fellow interns around the business, participate in collaborative projects, and even help to support our communities through philanthropic opportunities.*
