

How to register for CS 399, 499, & 590

These courses (independent studies in Computer Science) can be taken any quarter, if you have a CS Professor who is willing to advise/supervise you. Here is the process as follows.

- You will send an email to any one of the Computer Science professors along with CCing permissions@cs.northwestern.edu and request a permission #.
 - As soon as you got approval from the Professor for any of these courses (CS 399, 499, & 590).
 - We will issue you permission along with a class number (class Nbr) to register for the class. The below two screenshots are how you register for your class.
