## How to register for CS 399, 499, & 590

These courses (independent studies in Computer Science) can be taken any quarter, if you have a **CS** Professor who is willing to advise/supervise you. Here is the process as follows.

- You will send an email to any one of the <u>Computer Science professors</u> along with CCing <u>permissions@cs.northwestern.edu</u> and request a permission #.
- As soon as you got approval from the Professor for any of these courses (CS 399, 499, & 590).
- We will issue you permission # along with a class number (class Nbr) to register for the class. The below two screenshots are how you register for your class.
- For more information on how to ADD/DROP a class in CAESAR <u>https://www.registrar.northwestern.edu/registration-graduation/registration/</u>
- For information on the Deadline to drop or withdraw https://www.registrar.northwestern.edu/calendars/academic-calendars/
