Note about Part B, Change of Catalog Year: Degree requirements may change from year to year. Your catalog year determines the specific requirements you need to complete in order to earn your engineering degree. The default is the academic year you first entered McCormick, though you are able to change to any later catalog year. By changing catalog years, you must meet those requirements completely. Most changes on a year-to-year basis are minor, however, changing your catalog year may have major implications for completing your degree and you should know exactly how this would impact you before making the change.

Part A - Change of Major and/or Advisor  (Students switching into BME should see Prof. Shu Qian Liu in Tech E374 for an advisor.)
