GLOBAL SHORT-TERM OPPORTUNITY FOR UNDERGRADUATES IN CHILE

GLOBAL ENGINEERING TREK TO CHILE 2027: ENERGY STORAGE & CRITICAL MINERALS

- Gain exposure to minerals mining at the center of energy storage technologies, the environmental and social effects of mining, and research to develop improved mining and recycling technologies that can reduce them.
- Spend time with fellow Northwestern students and faculty touring companies, facilities, and research institutions in Chile, the global leader in copper production and second-largest lithium producer globally.
- Meet and engage with student peers at Pontificia Universidad Católica de Chile
- Need-based financial aid is available

Travel Dates	Sept 2027
Eligibility	Freshmen, Sophomores
Application Deadline	March 2027

OPEN TO ALL MAJORS

HIGHLY SUBSIDIZED
