GlobaL Engineering Trek to Germany 2022

- Experience cleantech engineering and science on the global stage while pursuing internship opportunities
- Gain exposure to biofuels, materials science, solar, wind, energy storage, climate science, sustainable production chains, big data, and smart grid optimization
- Visit top companies, start-ups and incubators, research institutes, and universities in Hamburg and other cities
- Need-based financial aid is available. Cost without financial aid is $1,000
