Northwestern | McCORMICK SCHOOL OF ENGINEERING
Career Development

What We Do

Engineering Career Development offers many career services for students:

- Career Advising
- intro to career development course for undergraduates
- Employer Info Sessions, Company Days and Meet & Greets
- Career Fairs and other networking events
- Administers co-op, internship, research, and service learning programs for McCormick students
- Access to our unique engineering job and event database McCormick*Connect*

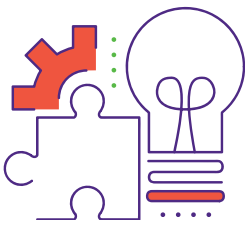

Our Events

Below is a sampling of our previous career events:

- Walk-in Career Advising Hours
- SpaceX Day in the Tech Lobby
- GE information Session
- Google Tech Talk
- Career Exploration Day: Healthcare Industry
- ExxonMobil Company Day
- Microsoft On-Campus Interviews
- Mock Interview Days

Our upcoming events can be found in McCormick*Connect* by clicking the "Events" tab or on Plan-it Purple.

Job Search Tips

Start company research early to focus on your job search
Look through the companies and jobs active in McCormick*Connect*. You can easily search using filters including industry, geographic location, keywords, and more to see which companies are hiring.

Check for new job postings often
By searching for a job in McCormick*Connect*, you can save your search filters and receive emails when new jobs matching your criteria are posted. Simply search for a job using a specific set of criteria, click "More...", and then "save Search" in the top right corner.

Attend career events to network and engage with employers
You can view all of our upcoming events by clicking on the Company Events tab in McCormick*Connect* or by visiting our Plan-it Purple page.

Meet with your career advisor
Our advisors assist every step of the way during your job search. Schedule an appointment in advance through McCormick*Connect* or Plan-it Purple to see dates for upcoming walk-in hours.
